image Hi I am developing an Android application which has an action bar and a list item which contains an image. I need to change the image of the list item and I used `ImageChangeListener` inside the list item to achieve the same. The problem I have is that the image is changing when the item is clicked but the original image is not shown in the action bar.

```
public class MyActivity extends
ActionBarActivity { ImageView
mainlogo; LayoutInflater inflater
= null; ListView list; @Override
protected void onCreate(Bundle
savedInstanceState) { super
