

Arabic Kamanjat 2.epub

. Arabic Kamanjat 2.epub. anarabic.com Q: Trying to take an SVG and insert it into a img tag I'm trying to get the player in a Google Docs HTML Viewer to play a file but I can't get it to work. I'm working with this example, the player icon that I want to use, is a 34px square, I want to take the path element inside the class "pmn-player" and insert that into a div that has the class name "image". Here's my code: var player = new player.Player(document.querySelector('.pmn-player').getAttribute('data-doc-type'), document.querySelector('.pmn-player').getAttribute('data-url'), 'image', 'play'); The problem is that the player.Player doesn't have any constructor, so I'm a bit lost. A: You are trying to access the.pmn-player element directly when you only need to access the.image element. class Player { constructor(docType, url, img, btn) { this.docType = docType; this.url = url; this.img = img; this.btn = btn; } } const player = new Player('abc', '
